

Insane Cured

BY FREDERIC J. HASKIN
Director

Janesville Daily Gazette Information Bureau, Washington, D. C.

St. Elizabeth's Hospital, Washington, D. C., Aug. 30.—Insanity, even of violent types, is often cured, and insanity is not always hereditary. These are two facts, pointed out by Dr. C. H. Hassall, of this institution, which are of great significance to men and women, who stand in constant fear of insanity.

The women patients, foreign and American, who have been recently shown that mental defect is nearly always hereditary. Judge Olson's crime laboratory in Chicago is a good example. He has proved that criminals are mental defectives, that they often have some specific mental disease in addition, and that they breed other defectives who in turn become criminals because they cannot make a living any other way.

This important work has strengthened a popular idea that insanity of all sorts is hereditary, and that it is generally incurable. Nearly everyone knows some man or woman who lives in constant and often morbid fear of madness, because of some taint of insanity in his or her heredity.

Most Everyone Has Taint.

As a matter of fact, most of us could probably discover such a taint in our ancestry if we could trace it back far enough. And it is true that any of us might inherit some condition of the mind which would make us liable to insanity. But one's heredity is not a thing to worry about. Life is full of dangers. Nor, in the opinion of Dr. Hassall, should the individual who has such a psychopathic heredity be himself normal, hesitate to marry. Even those who have been insane and who have recovered, he thinks, have a perfect right to marry.

In support of the fact that many insane persons recover, Dr. Hassall cites the fact that about 40 percent of those who enter St. Elizabeth's hospital are discharged as cured. Out of 556 patients admitted one year, 245 were discharged as cured, and after a short time were discharged as not having been really insane at all.

These patients who were cured, it should be understood, were not mentally defective before they became insane. They were persons of at least average mental capacity. It is necessary to distinguish between mentally defective persons and persons who are insane. A mentally defective person may be an idiot or an imbecile, or he may be one who, at the age of 20, has, for example, only the intelligence of a child. Such a person would be made normal, and his children are almost sure to be mentally defective.

Recovery From Insanity.

Here is a typical case of a man who recovered from insanity. A lawyer by profession, who had served in the army, he came to the hospital showing "all the classical text-book symptoms of dementia praecox," as the physicians put it. He fought wildly at all who tried to approach him, lay for days at a time with his eyes closed, and had to be fed through a tube. Under a few months of treatment, however, he recovered. He was examined and discharged. For four years now he has been practicing law. Not long ago he won the love of a young girl, and he is now happily married. He did not conceal his history. He told her that he had been committed to an asylum as hopelessly insane.

The woman, who was a practical nurse in the Washington and considered the physician who had cared for her, told her that this man was a good deal better than any other, and that he had as good a chance of being sound and healthy child as any other child. This man is now a successful man in his profession and social life and in his profession.

Avail the science is making good progress in diagnosing insanity. In caring for insane patients, and in sympathizing with them, it has made little progress toward discovering the basic causes of mental disease. Thus it is a moot question whether most of the insane are really insane, or whether they are purely psychotic in their nature. A case of dementia praecox often shows certain mental processes, certain physical conditions, and certain physical conditions are the cause or effect of this disease. (Continued on page 2.)

AUSTRIA TO BE GIVEN TREATY TUESDAY

Paris, Aug. 30.—The supreme council this morning decided to hand the peace treaty to Austria on Tuesday afternoon. Five days' delay will be granted the Austrians before signature of the treaty.

Payroll Boost Asked for U. S. Employees

Washington, Aug. 30.—Increases of 30 percent in the pay of all officers of the army, navy and marine corps, and 50 percent for enlisted men, are proposed in a bill drawn by Rear Admiral T. J. Cowie, former paymaster general of the navy, for which congressional support is sought.

Admiral Cowie, in a statement today, said the salaries of all government employees, civil and military, should be increased immediately. He suggested advances of 100 percent in the salaries of the president, the vice-president, and cabinet members and their assistants, and 50 percent for members of congress.

Workmen and Students Ask Better Conditions

Santiago, Chile, Aug. 30.—Eighty thousand workmen and students participated in a demonstration here today asking the government to augment production, form a food administration, stabilize the economy, bring about better economic conditions for workmen. The minister of the interior promised that measures would be taken to remedy the situation.

Belgian Royalty to Sail for U. S. About Sept. 20

Brussels, Aug. 30.—King Albert, Queen Elizabeth and Crown Prince Leopold will leave for America between September 20 and 24 on board a United States warship.

IRISH MAKE ANTI-TREATY PLEA

City Assessment Jumps Millions

\$7,413,598 INCREASE IS RECORDED

GROWTH OF CITY IS EVIDENCED BY RISE IN TOTAL FIGURES.

REAL ESTATE BOOM SHOWN

This Year's Valuation of Property Is Set at \$19,000,949 Mark.

Further proof of the growth of Janesville is shown in the real estate valuation furnished this morning by City Assessor Frank L. Smith when he made public his final assessments. The total assessed valuation of real and personal property in the city of Janesville under the 1919 assessment is \$24,278,158 or an increase over last year of \$7,413,598. The large gain is entirely due to the rise in real estate values. The total assessed valuation of real estate in Janesville in 1918 was \$11,772,625, and this year's figures were set at \$19,000,949 or an increase of \$7,228,324.

F. A. Taylor, assessor of incomes, in discussing this year's assessment said it was one of the fairest and most equitable levied in recent years.

"I have worked for many weeks on the rolls and have tried at all times to be as fair to every citizen as I could possibly be," he said. Mr. Smith completed his rolls this morning after the final meeting of the board of review.

Mayor T. E. Welsh was well pleased with the final figures submitted by Mr. Smith, and said that his belief in no failed assessment could possibly be made.

"I have watched the work of Mr. Smith each day for several weeks and I can honestly say that he has had only one idea in view and that was to be fair to all," Mayor Welsh said.

In assessing the real estate in Janesville, there has been a marked increase in all property. Early this year it was known that the real assessment would show a material increase this year and it has been predicted that it would pass the \$19,000,000.

Every Ward Shows Increase

"Every ward in the city shows a substantial gain in the value of its real estate," Mr. Smith said. The increase varies in different wards.

According to the figures compiled by Mr. Smith, the total value of real estate lots in Janesville is \$12,743,865 and the total value of real estate lands is \$388,755.

There are 968 automobiles in Janesville, which are assessed at \$503,250. The bank stock of the city is assessed at \$281,333.

TRANSPORT RESERVE PROPOSED TO MEET WAR EMERGENCY

Washington, Aug. 30.—Organization of a permanent "transport reserve" capable of carrying 12,000 troops is proposed by the war department as a part of the army reorganization plan. The plan, which will be submitted to congress, provides for the creation of a permanent transport reserve, which would make it possible to move an expeditionary force of nearly 200,000 men immediately on the outbreak of war.

The plan, outlined by Brig. General Frank T. Hines, in charge of the army transport service, contemplates reserving title to 15 of the former German passenger ships and their equipment, and with their allocation to commercial lines on the conditions that the crews be enlisted in the transport reserve and that no structural changes in the vessels be made by the operators.

The Leithan, George Washington, Mount Vernon and Savannah are among the ships listed to be retained if congress approves the plan.

Bolshevik Abandon Town of Bobrinsk

London, Aug. 30.—Bolshevik forces have abandoned the town of Bobrinsk, 80 miles southeast of Minsk, according to an official statement issued at Soviet headquarters at Moscow. The statement, however, says that the Bolsheviks have captured the town of Ryk, 52 miles west southwest of Kursk.

GAZETTE TENT AT SERVICE OF ALL

Arrangements have been completed by the Gazette for the rest tent and information bureau to be erected at the fair grounds for the service of the public. The tent will be open and use of it will be free throughout the fair. A young man will be in charge to answer all questions, free local telephone service will be provided, and a nursery under the charge of Mrs. E. M. Fries will be maintained where mothers may leave their children. A free parcel checking department will also be maintained.

Two In One, At Last

George McNamee, third officer of the U. S. army transport ship Lake Winoski, welcomed his fiancée to go to Paris with him. A mistake was made in the message, which sent her to Paris. From there she went to Havre—as McNamee started from Havre to Paris to find her. But they finally found each other and were married. Mrs. McNamee had to work as stewardess to return to the U. S. on the transport with her husband.

Cable Messages Delayed by Week-End Strike

New York, Aug. 30.—Public messages between the United States and Europe over the lines of the Commercial Cable company are being slightly delayed as the result of the week-end strike of the operators in the western part of the company's system.

The operators, who now are receiving a 30 percent wage bonus, demand that it be increased to 50 percent and that they be paid an allowance of \$25 a month for subsistence which they claim is received by the European operators of the company. The company announced it had offered to increase the bonus to 40 percent.

Yank Troops Sail for Home From Siberia

Vladivostok, Tuesday, Aug. 19.—The American transport Thomas, with six hundred replacement troops arrived here today and will sail August 23 with 640 American soldiers aboard for Manila by way of Nagasaki, arriving at San Francisco in about 45 days. This is the first large detachment of the American forces in Siberia to sail for home.

Railroads to Be Given Time Off on Labor Day

Washington, Aug. 30.—Regional railroad directors were instructed today by Director General Hines to arrange to give as many railroad employees a holiday on Labor Day as consistent with the conduct of necessary train movements.

FAIR GATES SWING OPEN LABOR DAY

JANESVILLE'S SIXTH ANNUAL LIVESTOCK EXPOSITION IS IN READINESS

CROWDS EXPECTED TO VISIT SHOW

First Day to Be One of Greatest of Four; Exhibits Arriving Fast

The gates to Janesville's sixth annual fair and livestock exposition—the greatest in history—will be swung open at 7 o'clock Monday morning, giving thousands of visitors the opportunity of viewing a galaxy of the best features ever staged in the southern part of the state. The fair will continue for four days. Close to half a hundred thousand people are expected to see the mammoth exposition.

Contrary to the usual custom, the opening day, Labor Day, will be one of the greatest of the four, both in point of attendance and in the program. The fact that every business house and factory in the county will be closed all day Monday, assures a monster attendance of visitors. The day of the fair, all children under 12 years of age being admitted free to the grounds. All stock judging will be completed that day. The closing day of the fair, Thursday, August 31, will be the day of the fair. Every day's day.

Scores of Tents Erected.

The fair grounds today were virtually a city in itself. Scores of tents were being erected and numbers crisscrossed in all sections of the park. Exhibits were arriving every few minutes. All last evening and today heavy trucks loaded down with all kinds of livestock and other exhibits plied to and from the fair grounds while scores of sleek race horses were taken to their stalls to await the opening heats of the great horse races which have been held here. With 170 entries in the races and purses totaling \$7,500 competition will be intense among the cream of the racing stock of the middle west which will be on hand in Janesville.

Plenty of Music

Lieut. Ralph C. Diggins, daring stunt aviator who performs every night at the fair, is due to arrive with his plane tomorrow to remain throughout the four days, giving flights daily and carrying passengers. Other fair attractions such as the circus, the roller skating rink, the band, the Bower City band of 25 players will furnish the music every day, playing on the down town streets in the morning and at the grounds in the afternoon. One of the features of the mammoth automobile exhibit will be a daily concert by Hill's four-piece jazz orchestra.

The gates and brilliant midway of the fair in the state, is the promise of officials for other attractions. Shows and stands of all kinds were being placed in shape today.

The grounds and business will be open to the public tomorrow. Only those desiring to transact business will be allowed to enter, until the grand opening Monday morning.

Past Race Card Labor Day

Monday's race program, the entries for which appear in another column, will be one of the best of the four days. The 2:06 pace with a field of 11 horses, and the 2:10 trot with eight entries, and the 2:17 pace with a field of 22, make the Labor Day card one of the best. Dickson, locally trained pacer and winner of the 2:06 pace at the Dane county fair, will start in the same event here Monday, together with the 2:17 pace at Madison. Thursday is slated to come through a winner in that event on the local track. John L. Fisher, this city, will act as official starter. Races will be held at 1:30 daily and will start at 2 o'clock.

Plot to Kill Costa Rican President Discovered

San Salvador, Friday, Aug. 23.—Discovery of a plot to assassinate former president General Chacosta of Costa Rica and General Chacosta, chief of the revolutionary forces which carried out a successful revolt in that country, Thursday, is reported in dispatches here from Managua. Followers of Federico A. Tinoco, former president who fled from Costa Rica when the revolution was successful, are said to have been interested in the plot.

Lavish Titles Conferred on British War Leaders

London, Aug. 30.—The titular honors conferred on naval and military leaders in the war by parliament are more lavish than most people expected, consisting of nine peerages, eight baronetcies and one grand commandery of the bath.

German Army Under Arms to Enter Russia

Paris, Thursday, Aug. 28.—A formerly equipped German army of forty thousand men has assembled in Lithuania and is preparing to march into Russia under the pretense of endeavoring to reach and help Admiral Kolchak, according to Lithuanian sources here.

Word to this effect was brought to Paris by Chief Engineer Stebiko of the Lithuanian railway system, who declared the Germans talked freely of a coming understanding between Germany, Russia and Japan.

In describing the situation to the correspondent, M. Stebiko said that the large German forces which had re-occupied Lithuanian territory from which they had been several times ordered away, by both the Lithuanian government and Marshal Foch, were entrenching themselves and preparing for a march toward Russia. They call themselves "Kolchaks," and pretend that their immediate object is to reach and co-operate with the admiral's forces.

PERSHING CLASHES OVER REQUEST OF CIVIL AUTHORITIES

Paris, Aug. 30.—Gen. Pershing has refused to testify before the subcommittee of three of the congressional committee on expenditures by the war department, which has been conducting an examination of the general's refusal to lead to the issuance of a joint statement this afternoon by Representatives Royal C. Johnson and Oscar E. Bland of Ohio, subcommittee in which Pershing is a member. There should be a conflict between the military and civil authorities of the government.

In a separate statement in which Representative Johnson did not join, Mr. Bland declared that the general's action was an example of the "indifference and contempt" shown during the entire war by the war department toward the wishes of the people and their representatives.

Call on Pershing

Congressman Royal C. Johnson, Oscar E. Bland and Henry D. Flood, members of the war expenditure subcommittee, called on General Pershing this morning, but up till 11 o'clock the expected formal hearing on the disposition of surplus stocks, the details of which were being discussed by the general and the committee, had not occurred.

There appears to have been a misunderstanding between the committee and General Pershing. The committee understood that he would testify with regard to surplus stocks and any other subjects on which the committee had a right to hear. However, the understanding was said to be that the call was to be purely social.

Too Busy, Says Pershing

General Pershing, on being shown the statements issued by the members of the committee, said that all the activities of the American expeditionary forces were of course open to investigation, but that he found it impossible to comply with the request of the committee as all his records had been shipped to the United States.

PACKERS "COERCED" WITNESSES IS CHARGE

Washington, Aug. 30.—Charges that five big packing companies have in some cases "coerced" witnesses appearing before the senate agriculture committee at hearings on legislation for regulation of the industry and in others paid their expenses, were placed in the committee record today.

The accusations were set forth in a telegram from Jastro, chairman of the market committee of the National Livestock association to Senator Gronna, republican, North Dakota, and were accompanied by a message he had been authorized by Senator Kendrick, democratic, Wyoming, president of the association.

Life Prisoner Makes Escape From State "Pen"

St. Louis, Mo., Aug. 30.—William J. Smith, a white man serving a life term in the state penitentiary here on a charge of murdering three persons, escaped yesterday afternoon.

HIGHER CARRIER RATE

September 1, the subscription rate for the Daily Gazette delivered by carrier in Janesville will be 15 cents per week and collections will be made weekly by the carrier boy. The advancing cost of production makes necessary the new rate and the need for a better system of collections to avoid losses, as well as demand for improved carrier service, makes the new system needful. The weekly collection plan is in practice in the majority of cities in the country and with the co-operation of the carrier boys, the delivery of papers will become as nearly perfect as is possible.

Return of Monarchy in Hungary Predicted

Vienna, Thursday, Aug. 28.—News dispatches from Budapest and editorial comment in Hungarian newspapers generally express the belief that events in Hungary present a return to the monarchy. The government, it is being declared, that the members of the Christian nationalist party are thinly veiled monarchists.

HOME RULE CASE HEARD IN SENATE

REJECTION OF PEACE TREATY IS ASKED BY "FRIENDS OF FREEDOM"

BRITISH NAVAL SUPREMACY SEEN

Cohalen, Dunne, Walsh, Others Appear for Various Organizations

Washington, Aug. 30.—Asking for rejection of the peace treaty, American representatives of the "Friends of Irish Freedom" held the foreign relations committee today that the treaty would create a super-government against Ireland's interests and would establish British naval supremacy as firmly as to menace the United States.

David P. Cohalen, a justice of the supreme court of New York; Edward P. Dunne, former governor of Illinois; Frank P. Walsh, Bourke Cockran and others representing various Irish organizations appeared. They said they voiced the sentiments of more than 20,000,000 American citizens of Irish blood.

"Irish blood," said a memorial read to the committee, "but attached above all things to this republic and its constitution, respectfully pray that the proposed treaty now before you be rejected as a direct violation of the principles on which this war was fought as they were defined by President Wilson."

They have been asserting continuously their claim to independence for eight centuries. One-fifth of this entire population of the United States are of Irish extraction, but are simply Irish blood. The only nation excluded from the benefit of the glorious principles enunciated by Mr. Wilson as those which the great war was fought to establish.

Taking particular exception to the league of nations proposal, Justice Cohalen declared it would be "impossible" to give Great Britain six votes in the assembly to one for the United States.

"We fought," he said, "to destroy autocracy, which means not only militarism, the control of the land, but also navalism, the control of the sea. We contend that the position of the British fleet is made such by this treaty that it can be used only against the United States. America and Russia are in no position to contest it, and France practically has been turned into a continental vassal of England."

"We insist that this is in no sense a league of nations, but is simply a cover for an Anglo-American alliance under which the freedom of America would be abdicated and the power of the governing classes in England permanently secured."

Mr. Walsh, chairman of the American commission of Irish independence, declared the league would put men to receive the record in rebellion. He said he had been a democrat "and almost a pacifist," but that the man friend President Wilson has the man who will stand up and keep his from the great mistake he is about to make.

Mr. Walsh offered to give the committee "in executive session" reports of the interviews with the peace conference. He said the committee delegation sent to Paris and President Wilson and other American peace delegates. At the suggestion of Senator Johnson, republican, California, the committee will receive the record and print them for public circulation.

Describing his experiences at Paris, where his commission was refused a hearing at the peace conference, Mr. Walsh read the names of a long list of delegations from small nations who called on the Irish-Americans to ask "why the 14 points were being disregarded." The witnesses said they understood that the peace conference "drew lines on the map by mistake" in several cases and got several nationalities into the wrong nation.

Mr. Walsh said he was present at the open meeting when the league covenant was approved and that "various people were jumping up over the hall to make suggestions, but no Clementine was there, there being no objection, the covenant is agreed to."

Mr. Walsh's statements brought repeated laughter and cheers from the largest crowd of spectators that has attended any of the committee hearings. Although only two hours had been set aside for the hearing, when the time expired Senator Fall, republican, New Mexico, moved an indefinite extension and it was agreed to.

Loss and Damage and Overcharge Standard Forms at the Gazette.

In order to file your claim for loss or damage with the railroad companies, it is necessary to use a standard form which has been approved by the government. In making claims for overcharge, the same thing is true. The Printing Department of the Gazette has these forms in stock. Call either phone.

Brodhead News

[By Gazette Correspondent.] Brodhead, Aug. 29.—Rev. and Mrs. D. H. Levin were called to Philadelphia Friday by the death of his mother.

John Maveus, who has been here for a week, departed Friday for his home at Little Rock, Ark.

Mr. and Mrs. Jacob Baumann, Miss Baumann and John were at Lake Mills Friday.

Mr. and Mrs. Vance Wall and Miss Kammmerer spent Friday in Janesville. Mason Hall has purchased of Robert Alwood the south side tenant house.

Mrs. Clara Watt and Clara Roderick were visitors in Juda Friday.

George Luchinger returned home Friday from Camp Grant, where he received his discharge from army service.

Sylvester Ward was up from Janesville Friday for a between-trains visit.

Fritz Marty, who has been to the Alaskan gold fields, returned Friday.

John A. Kottler has sold his residence property to G. Götter.

Henry Long received a broken rib Wednesday, when the machine he was driving ran into a woodchuck hole.

Herman Maltuk has purchased the G. Götter farm in Spring Grove.

Miss Esther Hein was a passenger to Deloit Friday.

William Moore has sold his Spring Grove farm to County Clerk C. A. Roderick.

H. E. Donmyer has purchased a farm in Spring Grove of Charles Montell.

Mr. and Mrs. H. C. Dietrick returned to their home in Chicago today after some days' visit at the home of their parents, Mr. and Mrs. A. H. Douglas.

FOOTVILLE

[By Gazette Correspondent.] Mrs. Wallace Cochran and granddaughter, Miss Marion Lee, came to Janesville and are guests at the P. W. Snyder home.

Mrs. C. E. Hawk and Miss Gladys were in Janesville, Thursday.

Earl White began shipping his tobacco Thursday. Mr. White is said to have a fine crop of tobacco.

Among those who attended the home coming in Evansville were Dr. and Mrs. Lacey, L. E. Silvestri and wife, L. J. Spence, wife and son, Lacey, Victor, Peter Palmer and family, E. A. Silvestri and family, Mesdames Minnie and Etta Pepper, Frank Bloodon and family and many others.

Mr. and Mrs. Charles Rote and daughters, the Misses Lulu and Evelyn were in Janesville, Thursday.

Mr. and Mrs. Harry Wells have begun housekeeping in the Mrs. Nash house.

The Misses Kathryn Stevens and Ruth Stephens will attend school in Whitewater this coming year, and Miss Paulina Kelley will attend business college.

Rev. Worley returned Wednesday, having spent the past two weeks in the north, where he conducted meetings.

Ed. Revers and family, Will Foner, wife and Mr. and Mrs. George Schumacher and Ernie Bails and family motored to Madison, Thursday, and spent the day sight-seeing.

In Evansville they were joined by Bert Dunn, a former local resident, now of Cherokee, who came down on a visit. A picnic dinner was enjoyed in the park and all spent a pleasant day.

The children of the Sunday school and older members as well as enjoying a picnic in Will Dorners woods today.

Mrs. Peter Palmer was in Janesville, Thursday, entertainment is being given each evening in Masonic hall.

Mr. and Mrs. Geo. Bresce are at the home of their daughter, Mrs. Earl White.

Miss Ruth Stephens will go to Chicago, Saturday for a short stay with relatives.

Leon Spencer who has not been at all for some time, was suddenly stricken with a severe attack of appendicitis, Thursday, and was taken to Mercy hospital, where he submitted to an operation and latest report was that he was getting along nicely.

Misses Froude Fraser and Daisy Silvestri were Janesville shoppers, Thursday.

The new furnace for the school house came today, and will immediately be made ready for use at the opening of the school, should it be needed.

Do not forget that next Tuesday is election day.

INSANITY, EVEN OF VIOLENT TYPE, IS OFTEN CURABLE

(Continued from page 1)

is due to an actual physical weakness in the brain. Others believe that the brain does not undergo any physical change.

Science Lacks Knowledge. This science lacks a thorough knowledge of the physiology of psychopathic conditions, and in treating them it can proceed only by trial and error until more thorough knowledge is obtained.

Meantime, the important thing, according to the scientists, is to provide proper refuges both for mental defectives and for persons suffering from mental disease. The defectives should be permanently isolated, so that they may not commit crime and breed. The insane must be given comfortable homes where they can recover if possible, and where otherwise they can live in comfort and do no harm.

Neither of these things is being regularly or extensively done in the United States. No state has yet made provision for isolating defectives. Many of the states have no first class insane asylums. Thousands of patients are in private asylums, not more than three private asylums in the United States which are really qualified to care for insane patients of all classes. The parts of the United States insane persons who are still confined in workhouses and jails.

The care of these persons is a matter of ever-increasing importance because the strain of life is always becoming greater. Life in a modern American city today is far more strenuous and difficult than was life in the rural towns which passed for civilization in the past. Competition is harder, there is more noise, more speed, more mental stimulants such as music, the stage and social diversion. Both the spurs and the strains of life have been multiplied. The human animal is driven harder and he travels a more difficult and dangerous road than ever before.

Strain is too much for many men and lived harmless and even moderately useful lives a hundred years ago, now crack under the strain. There are no statistics which may be relied upon as to the increase of insanity, but the scientists believe that it is increasing because the environmental conditions that bring it out are increasing.

During the war a man came to Washington from somewhere in the Allegheny mountains. He said that he was Jesus Christ, and that he had come to tell the president how to stop the war. He was taken to the White House and looked the part. He had the long hair and the beard that Christ wears in most of his pictures and he had even much the same features and the same expression which most artists have endowed Christ. He was meek and lowly and obeyed literally the injunction to turn the other cheek when anyone hit him.

This man was middle-aged and had lived most of his life in some remote mountain community where he had apparently nourished his belief that he was Christ with no bothering anyone or being bothered. But how long would he have lasted in a modern city? He probably could not have made a living, and he would soon have been driven to the lunatic asylum.

He was put in St. Elizabeth's where he went on being Christ in peace and to his own satisfaction. This asylum had patients who believed they were Christ and who got over the illusion and were discharged as cured, but such a disillusion is generally incurable.

Makes Brushes. In the workshop at the asylum there is a short, rather good-looking chap with a black beard and moustache who is an expert brush maker. Here he spends all his time industriously making brushes. It is against the law to sell these brushes, and only a few can be used in the institution. Hence this man is simply accumulating brushes. He has hats, hats, hats, scrubbing brushes, and every other kind of brush, fancy and plain, piled up about him in over-growing mountains. He is very skillful at his work, and seems to enjoy it. But he is peculiar, like a spoiled child. He seems to believe that he is the victim of a conspiracy on the part of the government to get brushes for nothing.

If this man went into the city and set himself up in business, say the experts, he could not get along. He would be quarrelsome, unstable and possibly dangerous. But it is conceivable that he might get along, in some little country community, where his peculiarities were understood and humored. There are such men in most countries.

Thus it all comes back to the fact that insanity is nothing more than a failure to make a successful adjustment to an environment. And our civilization is becoming harder to adjust oneself to every day. That is why the insane present a problem of growing importance.

Cops Capture Auto Thief by Daring Leap on Machine

[By International News.] Cincinnati, Ohio.—Cincinnati was thrilled.

The thrill was due to the unusual sight of two policemen making a running leap on to an auto.

As to the question whether the blue-coats were producing thrills by reason of their chasing the runaway or because they displayed evidence of wide-awakeness, details are lacking.

Anyhow, the policemen landed on the machine's running board. Although one officer was jolted off by the arrested driver for stealing the machine.

Rev. Hazen to Preach at Local Baptist Church

The Rev. T. C. Hazen, Peoria, Ill., pastor of the local Baptist church for eight years, will preach there at the regular morning services tomorrow morning.

That Boy Of Yours will grow in mind and muscle if you feed him right.

Grape-Nuts for Breakfast!

"There's a Reason"

WOMEN'S REST ROOM REOPENED TO PUBLIC

The women's rest room was reopened today after being closed for a week for repairs and renovation. The room has been thoroughly cleaned, repainted and a new paneled ceiling installed. The work has been hastened that it might be ready for the use of women and children during the fair week.

This closing of the room is the first time it has been vacated since it was opened to the use of the public more than three years ago, and was necessary at this time to keep things in a sanitary condition. The women who are in charge of affairs regretted that it was closed, but it was necessary to do so. The work was done in a hurry, but it was necessary to get things in shape before cold weather set in. That its service to the public is being restored is a source of satisfaction to the women who have come to its doors while it has been closed. The painters at work in the room placed chairs outside, and the tired women and children might rest.

The City Federation of Women had expected that they were to have enlarged quarters this fall, but were disappointed that they were unable to secure the adjoining store for a part.

Some of the furniture is to be retained, one or two new pieces bought and some new decorations. The things may be made fresh and home-like in the old room. Several people have donated small sums to assist in this redecoration, and others who wish to do so are being solicited. The work is being done by Mrs. W. H. Judd.

The next meeting of the board of the City Federation of Women will be held at 10 o'clock, Monday, at the home of Mrs. J. C. Thompson, chairman of the different groups and all other interested clubwomen are urged to be present. The board will make plans for the annual rummage sale, which is one of the sources of revenue of the rest room.

Fire DESTROYS TOBACCO SHED

Fire of an unknown origin caused a damage of \$800 to a small tobacco shed located at 1516 Milwaukee avenue about 3 o'clock this morning. The property has not been occupied some time according to Chief Con Murphy, but is owned by a Mr. Simpson.

The fire which started in the lower part of the shed quickly spread and in a few minutes the entire structure was in flames. The flames spread to a nearby hen house but the chickens were rescued before the flames reached the building.

Chief Murphy said he believed the fire was started by a stove which had been stored in the shed. "There were several chickens missing and I believe that some tramps were in the shed preparing to cook the chickens and started a fire in the stove," Chief Murphy said.

Tons of Cabbage May Decay Unless Rescued by Kraut Factories

Greeley, Col.—Unless kraut factories quickly rescue quickly tons of cabbage are doomed to decay on the ground in this district. According to cabbage shippers, the United Pacific road has refused to furnish any more refrigerator cars, and as a result the cabbage, potato or onion loading in Weld county.

Need of cars for fruit shipments and lack of ice, due to the closing of the ice houses in Denver and Ogden, Utah, are the principal reasons. Cabbage dropped from \$1.40 to \$1.15 a hundred as the result.

14-Egg-a-Day Hen to Be Given to Science After Her Death

[By International News.] La Crosse, Wis.—This is another chapter in the life of the West-Salem pullet, only hen in the world that ever laid 19 eggs in one day. J. H. Benson, La Crosse poultryman, who didn't believe the story and after investigating filed an affidavit that he saw the hen lay 14 eggs in one day, had the famous hen, which was laid by the famous hen, arrangements have been made to send the body of the hen to the state university laboratory after she dies.

Breach Between North-South China Narrowing

[By Associated Press.] Paris, Thursday, Aug. 28.—The Chinese peace delegation has received dispatches from Peking stating that Wang-I-Tong, representing the northern government, has accepted a recent offer of the Anhui military party, is negotiating with Tang-Shao-Yi of the southern government, looking to the reconciliation of the two factions in China, which the peace delegation thinks is possible of achievement.

Wang-I-Tong represents the extreme militarists and their willingness to enter into negotiations is regarded by the peace delegation as an indication that the breach between north and south China is narrowing.

Prize Fighter Dies of Injuries Received in Bout

[By Associated Press.] Atlantic City, N. J., Aug. 25.—Frank Harding, Wilkes-Barre, Pa., prize fighter, died in the city hospital here today as the result of injuries sustained in a prize fight last night. His opponent, K. O. Circus, Pittsburgh, was held without bail. Sam Lewis, referee was held \$1,500 bail.

Circus landed a right short hook which caught Harding square on the jaw in the eighth round and felled him. Referee Lewis counted ten and the spectators, though they had mostly been knocked out.

Coast of Brittany is Wrecked by Storm

[By Associated Press.] Lorient, France, Aug. 30.—The coast of Brittany, for miles north and south of here, was strewn with wreckage during a great storm yesterday. At Locquetas a life boat and wreckage, apparently from an American merchant ship, were washed ashore. The name of the boat could not be deciphered. The storm was abating today.

The effort to make a silent motor and propeller for the airplane is progressing steadily.

SOLDIERS EXPECT LARGE MAJORITY IN ROCK COUNTY

Is the soldier bonus bill going to carry in Wisconsin? That question is being freely asked by every returned service man and they are generally told that it undoubtedly will carry in Rock county, but may lose in the state.

In Janesville and Rock county an active campaign is being waged to put the measure across with a big majority and according to reports being received, the people of Rock county are going to show the former soldiers, sailors and marines that they fully appreciate their services.

Robert Cunningham, chairman of the local speakers' committee, said that the four minute men would invade the local theaters tonight, Sunday and Monday nights. William H. Dougherty, Roger Cunningham, and Lewis French will be the speakers tonight.

Capt. Harold Pelton, a former member of Company K, who has been stationed at Fort Sheridan for several months, arrived in the city today, and at the request of Mr. Cunningham, acted as a four minute speaker Sunday and Monday.

All local churches will be asked today by James McCue, general chairman, to discuss the bill Sunday.

Cops Give Hermit His Annual Shave and Bath; Fights Hard Against It

[By International News.] Dallas, Tex.—John May, aged hermit who lives in a dilapidated shack in the river bottoms here, has been given his annual shave and bath by the police today. The police did the tonsorial act and also administered the scrubbing. It took several of the cops to do it, for John is a strong man and put up a determined struggle against being shaved.

John went to the police station with grizzly hair and beard, which reached almost to his waist. He came away with a smooth face and head as smelling like high-priced toilet water.

John makes his living by mending linens and his customers didn't recognize him when he came around the next day.

"It's not my fault, lady," said John as one of the women failed to recognize him. "Them loafing cops are what did it."

John got his first haircut, shave and bath 20 years last year, when the cops ran him in and trimmed him up, and he's been a cop ever since.

Will Sentence Speeders to View Victims of Reckless Drivers

[By International News.] Chicago—Speeders in Chicago in the future will be compelled not only to view the victims of speeding, but charity will be required by their indiscretion.

Judge Steik, who officiates over Chicago's Speeders' court, started an innovation which it is believed will eventually reduce speeding to a minimum.

Speeders are to be given an opportunity to view the dead slain by reckless drivers, and later will be taken to hospitals, where they may see the bodies of the living who have been injured by speeders.

The second penalty consists of a contribution to the welfare and happiness of the orphan of the city. Every speeder caught before Judge Steik during the day was sentenced to give the use of his machine to the Orphans' Auto Day association. This organization will use all of the 3,000 or more orphans of Chicago, for an outing, and every speeder will be compelled to return to Judge Steik with a certificate signed by the president of the Orphans' Auto Day association.

Milton News

Milton, Aug. 29.—Miss Gladys Dunn left Thursday for Fort Collins, Colo. She is to teach domestic art in the state agricultural college at that place.

The same day the Misses Margaret and Doreen Dunn left, the former for Winthrop, S. C., where she will teach in Winthrop college, and the latter for New York city, where she will take special work at Columbia university.

Messrs. and Mesdames A. L. and D. P. Crandall, Farina, Ill., are visiting at J. C. Crandall's. They are making an automobile trip to and from Battle Creek, Mich.

William Dixon, who recently underwent an operation for appendicitis at Mercy hospital, was able to come home Thursday. Roland Saver, a victim of the disease, came home from the hospital Monday.

Howard C. Stewart has bought the J. Fred Whitford house on Plum street, occupied by Professor Barbour.

Mrs. W. H. Gray has sold her farm on the outskirts of the village, to S. S. Summers, consideration \$250 per acre.

W. J. Crandall and family left for their California home, Thursday.

W. P. Clarke attended the soldiers' reunion at Watertown, Thursday.

Mrs. Alban Saunders, Chicago, is visiting her parents, Mr. and Mrs. Halliday.

Band concert Saturday evening. W. C. T. U. meets with Mrs. M. Rasmussen Tuesday.

E. Thorne and Mrs. M. Converse are visiting at Avalon and Geneva.

Rev. F. H. Burdick and wife have returned from Chicago and Potosi.

Mrs. C. B. Leonard and daughter, and Miss C. B. Persels are visiting at Coloma.

Miss Laura Godfrey has had as guests recently, the Misses Maddox, Thomas, Ristew, Jones, Black River Falls, and Bertram, Mount Hope.

Mrs. H. R. Osborn was in attendance at the Whitewater soldiers' reunion, Thursday.

Miss Esther Harper, 528 Hickory street, has returned from a visit of a week at her mother's home, at the home of William McDermott.

Miss Harriet Churchill, Leyden, left

BARBERS RACE
IN TONSORIAL
AND HAIR DERBY

In years gone by Janesville has always had a barber who was acknowledged by all to be the fastest man in the city, but with the passing of the old guard and the arrival of younger men the boast has been forgotten.

The argument was opened again this morning when the local barbers were told of a man who could shave a man, cut his hair, give him a shampoo and sing in eight minutes. The local tonsorial artists took exception to the story and told of their own feats.

Deputy Conservation Warden Willis P. Edwards, a former barber, held the local record for many years. It is said he gave a man a haircut and shave in five minutes. Today the honor has been won by Cal Kuhns and James Jackson.

Both of the men are claimed by their fellow workers to be exceptionally fast and can easily give a man a haircut and shave in less than four minutes.

The men, however, refuse to discuss their speed, but are willing at any time to defend their records against Janesville tonsorial artists.

EVANSVILLE

[By Gazette Correspondent.]
Evansville, Aug. 29.—Mr. and Mrs. Claude Danks, north of town, entertained friends at the home of Clarence Roberts, Thursday evening at a miscellaneous shower in honor of Miss Vera Roberts, who is to be a bride of the near future.

BOY SHOTS SISTER.
Edu Ching, a general laborer after telling his mother that "a man had shot Hazel," his four year old sister, Marshall Hagen, seven year old son of Mr. and Mrs. Carl Hagen, Elk Mound, Wis., confessed that he himself had shot her and put the gun back in its place where he had found it. He gave no explanation. The little girl, with a bullet through her body, was found dead by the mother. The blackberry patch, whither the slayer fled, her.

WIND KILLS CYCLIST.
London.—Thomas H. Hargrave, of Bowergrove Hill, Garstang, was caught by a gust of wind while cycling along the highway during a gale, blown to the ground and killed. The bicycle rolled on for several yards before it also fell to the road.

WOMEN CONDUCTORS GO.
London.—The London county council has decided to suspend with effect services of women conductors on the tramcars, in order to facilitate the employment of an increased number of demobilized men.

THE DOT-RED CROSS
By Clifford Leon Sherman

The sailor that Mildred bumped into took her to a sheltered spot where she could not be held and there she found her officer friend. He said he had been watching the sky, for he had heard that the British Naval Flying Corps had flying machines out patrolling their route and that their convoy had been held from by wireless. Mildred looked at an airplane but didn't see any. "Right there over your right shoulder," said the officer. Mildred turned quickly and looked and saw the plane.

To complete this picture, draw a line from dot 1 to dot 2, then from dot 2 to dot 3, and so on.

DAUGHTER OF PEER
WILL LEAD LABOR

London.—Lady Cynthia Colville, daughter of the Marquis de Crewe, and a firm believer in the trade-union principle, has been elected an honorary vice-president of the Ministry of Pensions Temporary Staff Association, a registered union. For two years she worked as an ordinary clerk at the ministry, and was an organizing member of the association.

"I believe in a scale of wages based on merit alone, regardless of sex," she says, "and I believe that men are gradually beginning to realize that men and women should receive equal pay for equal work. Our association now numbers over 6,000 men and women members. Women should not be compelled to give up their positions to returning soldiers, when they themselves have lost husbands, fathers and brothers in the war."

Boxer Travels in Style.
New York.—Billy Cepak, Bohemian boxer, from Chicago, believes in maintaining the dignity of a champion, despite the fact that he has not reached the top rung of the pugilistic ladder. He sailed into New York the other day accompanied by a valet, two trainers and a private secretary. He also brought two automobiles with him and letters of introduction to several clubs.

"Genuine Democrats
of Texas" Draw Platform

[BY ASSOCIATED PRESS]
Dallas, Tex., Aug. 29.—An advisory committee of the faction of Texas democrats which recently agreed on a campaign for party reconstruction under the leadership of former Senator J. W. Bailey, met here today to lay plans for "effective placing of the platform before all genuine democrats of the state."

Mrs. Carranza Goes
Traveling; May Visit U. S.

[BY ASSOCIATED PRESS]
Eagle Pass, Tex., Aug. 28.—Mrs. Venustiano Carranza, wife of the president of Mexico, with attendants and military escort, arrived today at Piedras Negras, Mexico, according to a dispatch received here. She has been in ill health for some time and may come to the United States, it was said.

Washington.—Recognition of the de facto government of Peru was announced by the state department.

Severe Street Fighting
is Seen in Kronstadt

[BY ASSOCIATED PRESS]
London, Aug. 29.—There has been severe fighting in the streets and public squares of Kronstadt, the bolshevik naval base near Petrograd, according to dispatches from Copenhagen. Bodies were seen lying in the thoroughfares by allied airmen, the advices say.

Rumanian Intrigue in
Hungary is Indicated

Vienna, Friday, Aug. 29.—Advices received here from Budapest indicate that before the formation of the new Hungarian cabinet by Stephen Friedrich there were suspicions that the Rumanians were intriguing against the formation of a new government. It is stated that as late as Monday the Rumanians had declared they would not recognize any ministry that did not favor their interests.

Washington.—The senate confirmed A. Mitchell Palmer as attorney general.

Furniture

At Lowest
Prices

Mr. Farmer Appreciates the Buying Power of Our Ten Large Stores

Being a business man, the farmer knows that Ten Large Stores, all buying together, can buy and sell for less than a single store. The large discounts and lower prices that Leath's organization can demand make it possible for us to sell the very finest home furnishings at prices below all competition. A visit to our store will convince you quickly.

Which Means Better Furniture at Lower Prices

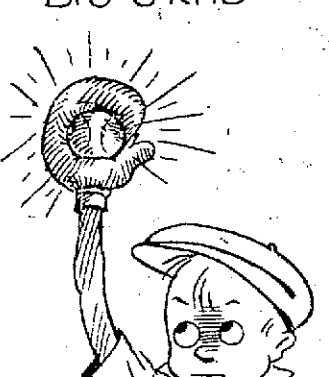

LEATH'S stand for quality and courteous service. Mr. Farmer and his family are especially welcome at our store, and we like to give him a little more than usual. While at the Fair, you'll do well to pay us a visit, even if just to get acquainted. We'll be glad to see you—and glad to show you anything you may want to see in our line. You can depend upon getting the very best Furniture in the world, at prices that only a great organization like ours can afford to give.

HISTORY CONDEMNS HER.

Someone should present a few of
the senators on the democratic side,
in congress, a good reference book on
far eastern events, during the past
quarter century or so, with particular
reference to the part which Japan has
played in that theater of international
activities. Senator Hitchcock lately
that republican senators "should shed
crocodile tears over China and makes
known his faith in the purity of Ja-
pan's intentions with respect to the
oriental republic, while Senator Rob-
inson says that "no beneficial effect
can result if we assume, as some have
seemed to do, that Japan is acting in
bad faith and that she intends to
break her treaty and her promises to
restore the territory to China." and
that there can be no doubt that
Japan is being by every consideration
of honor and by executive obligations
of unmistakable import to return this
territory (Shantung) to China. Other
democratic senators, attempting to
whitewash Mr. Wilson for his part in
one of the most treacherous diplo-
matic acts in modern history, adopt a
similar line of argument to create the
impression that these days
Shantung will be returned to China
by Japan.

The answer to all this foolishness
is that the peace treaty to which we
are asked to become a party does not
make any provision for the return of
Shantung to China, and it is an iron
bound contract which we are asked
to sign, not a secret understanding,
of whose terms we know little. As for
the "good intentions" of "faithful ob-
servance" of Japan, her record in
this respect, so far as China is con-
cerned, is not calculated to create as-
surances in the minds of those who
are familiar with Japan's past ag-
gressions in the far east.

Japan's first transgression of
China's rights was when she despoiled
her of Port Arthur and other terri-
tory which had been turned over to
Russia, as a concession, but which
Japan has kept in defiance of inter-
national protest ever since. In 1904,
Japan, desiring to occupy certain
parts of Korea for strategic purposes
in her war with Russia, guaranteed
the independence and territorial in-
tegrity of Korea. Three years after
the entire Korean government was
seized and placed under Japanese
control. In 1909 Japan assumed the
police power in that country, and in
1910 the Korean emperor was de-
posed, and Korea was annexed to
Japan. The treatment of the
Koreans by the Japanese at the pres-
ent time is set forth in a recent report
of the Presbyterian church of Amer-
ica with a particularity which dis-
gusts every American reader with
thought of a partnership in a league
of nations with a nation employing
such barbarous practices.

There is evidence in abundance to
show that Japan has persistently med-
dled in Chinese politics, seeking to
overthrow the republic, setting one
rival party against the other to the
point of revolution, carrying on propa-
ganda in Chinese papers substi-
tuted for the purpose, and doing ev-
erything conceivable to render China
weak and impotent, in order that
Japanese hold on China might be
strengthened. Now it appears that
Japan blocked China's attempt to en-
ter the war on the side of the allies
until the Shantung frame-up with
England, France and Italy had been
perfected.

When democratic senators arise in
defense of Japanese honor as a means
of absolving Mr. Wilson for his act of
seeming treachery toward China, it is
apt to be interpreted as meaning that
they approve the practices heretofore
indulged in by Japan toward her
neighbors. Either that, or those sena-
tors are utterly ignorant of past
events in the far east, and should
therefore remain silent.

POSTAL RATES.

Pressure is being brought to bear
upon congress to repeal the revenue
act, passed in 1917, which established
a zone postal rate for periodicals. Ac-
cording to reports sent out from
Washington those who are making
the campaign for repeal are the big
publishers who feel that they should
not have to pay the zone rate because
it hits them hard when their circula-
tion extends a long distance from
the seat of publication. As a matter
of fact it begins to look as though
the old flat rate because they know
that the smaller publishers will have
to bear part of their burdens. This
would be the situation again as it
was in the past.

Under the flat rate system the small
paper, whose field is limited perhaps
to 50 or 100 miles, must pay the same
postage as the big periodical that cir-
culates to all parts of the United
States. In other words the cost of
carrying the big magazine from New
York to San Francisco per pound is
no greater than carrying the small
paper 10 miles from the place of pub-
lication.

Under the present system eight
zones are designated, and at the time
it first became effective in July, 1917,
the rate for the first zone was one and
one-quarter cents per pound. The
eighth zone rate at the start was
three and one-quarter cents. Be-
tween July, 1919 and 1920, the range
of rates was increased. The principal
of rates was for the first zone and
one-half cents for the eighth zone
and one-half cents for the eighth zone.
The scale will range from one
and three-quarter cents in the first
zone and three-quarters in the eighth
zone. The final increase, in 1921,

makes the first zone rate two cents
and the eighth, 10 cents.

The majority of the newspapers of
the country appear to hold the opin-
ion that the zone rate should be con-
tinued, perhaps with modifications. It
would seem that a permanent rate
should be established and held before
the maximum under the present law
is reached. Most publishers believe
that a two cent rate for the first and
second zones is too high, and the
present law should be amended so
that a rate lower than this should be
fixed.

Before Burleson took the job of
postmaster general the postoffice de-
partment gave service. But since he
regime got into full swing service has
been consigned to the discard and
false economy has been his watch-
word. The public is incensed over
the attempt of the postmaster general
to make money through the postal de-
partment at the expense of service,
and will back any move that is made
to establish an equitable rate for
second class postage because it is per-
sonally concerned in the matter. With
the prices of print paper and other
materials that go into the make-up of
a newspaper soaring, an unfair postal
rate will have a tendency to push the
subscription of the smaller newspaper
up a notch.

Congress is waiting to get a line on
the sentiment in regard to the pro-
posed change back to the old flat rate
and judging from the feeling ex-
pressed by small newspapers general-
ly, that sentiment will indicate that
the zone rate should be retained.

Speaking of that island called Tap
and which is all our own, investiga-
tion shows that when the men folks
want to put on a little style, similar
to our American Dad who he dons a
dress suit, he slings a string of pink
beads around his neck and is consid-
ered a dandy. By the way, the beads
and a scant piece of cloth make up
the attire of the well-dressed Tap
dandy.

Switzerland having been invited to
join the league of nations, announces
that she will do so on condition that
she is never called on to go to war,
and never is coerced in any way.
Should Switzerland be permitted to
make such reservations as those and
the United States denied the right to
make any whatever?

It has been hinted in Philadelphia
that the Burleson mail system may
be improving. A return card of Au-
gust 14 that was mailed to him on November
1, 1918.

Tap seems to be the only thing the
United States got out of the war, and
it is so insignificant that even Pres-
ident Wilson remarked: "a little island
which I must admit I had not heard
of before."

ASK US

The Gazette maintains an informa-
tion bureau at Washington, D. C., un-
der the direction of Frederic J. Has-
sard. Questions will be answered on
any subject. Those desiring infor-
mation write a letter to the Janesville
Daily Gazette, Information Bureau,
Washington, D. C., and enclose a
stamp. The letter will be answered
by our bureau.

Q. How can I safeguard my Liberty
bonds? L. M.
A. You have no safe deposit box,
you should send the bonds to the
division of loans and currency, treas-
ury department, Washington, D. C.
No person may cash a registered
bond, except the person whose name
is written on the face of the bond.

Q. What is the largest ship in the
world? C.
A. The "Bismarck" is the largest
ship according to gross tonnage, and
the "Leviathan" according to length.
The gross tonnage of the "Bismarck"
is 56,000; the length of deck is 912
feet. The gross tonnage of the "Levi-
athan" is 54,282; length of deck 350
feet.

Q. What is the rate of letter post-
age to China and how long does it
take for mail to reach there?
A. The postage rate, for civilian
mail, to Siberia, via Vladivostok, is
five cents for the first ounce, and
five cents for each succeeding ounce.
The post office department has made
a special rate of two cents on letters
to members of the American Expe-
ditionary forces in Siberia. The trans-
portation service between San Francisco
and Vladivostok is irregular, the fast
boats covering the distance in about
21 days.

Q. What is the best method of
treating chigger bites? D. R.
A. An effective remedy is a salt
bath taken within two or three hours
after the exposure to the irritant.
Common salt should be dissolved in the water, and
a strong soap used freely. If irrita-
tion has already set in and red spots
appear, they should be rubbed with
ammonia, or a strong solution of cook-
ing soda. If suffering is severe, the
spots should be brushed lightly with
iodine.

Q. Did President Fillmore, Tyler
or Arthur have vice-presidents? W.
C. N.
A. None of these presidents had
vice-presidents during their adminis-
tration. In each case these men suc-
ceeded to the presidency upon the re-
moval by death of the presidents in
office.

Q. Why is the heir to the British
crown called the Prince of Wales?
E. F.
A. The title was first conferred on
Prince Edward, afterward King Ed-
ward IV of England, in 1413. He was
born at Caernarvon, Wales, and the
story goes that the king presented the
new born child to the Welsh as their
native prince, who could speak no
word of English. The idea of using
the title for the heir apparent to the
British throne was introduced by Ed-
ward III, who in 1343 invested his son,
the Black Prince, with the principal-
ty. From that time the title has been
borne by the eldest son of the reign-
ing king.

Q. Are West Point cadets eligible
for insurance under the war risk in-
surance act? S. S.
A. Cadets at West Point who are
not assigned to active service are not
included in the list of those eligible
for the government insurance.

Q. What language is spoken in
Brazil? E. K.
A. Portuguese is spoken by the ma-
jority of the people in Brazil. Spanish
is spoken to some extent.

Q. What city has been destroyed
the most times? E. N.
A. The city which has been most
often destroyed is Herat, in Afghanis-
tan. It has been laid in ruins
56 times, and 57 times rebuilt.

Q. What is the length of the Mo-
hammadan year? C. F.
A. The Mohammedan year consists
of 12 lunar months alternately 29 and
30 days in length, making a total of
354 days. Eleven times each 30 days
an extra day is added at the end of
the year.

Sketches From Life -:- By Temple

How Was Mother 't Know He Went Swimm' Every Day!

JUST FOLKS
By EDGAR A. GUEST

THE PUTTERER ROUND.
Just putterin' round—the rosbobed
Requirin' just a little care;
The climbers that we love so much
Needin' the little extra touch
That keeps 'em orderin' straight;
Fashin' the hinge upon the gate
Has broken down, or mother asks
Assistance for her headin' tasks
Or needs another panin' round,
Which all could never build herself
No glory or renown is found;
By one who merely putter round,
An' yet how much the old home needs
The deer of those simple deeds.

Just putterin' round, from day to day
Smoothin' somebody's troubled way;
Liftin' the burdens of the weak;
Stoppin' a cheery word to speak;
A friendly hand stretched here an'
there,
Thinkin' of people tired with care
An' wonderin' what you can do
To start 'em out with hope anew;
Goin' on errands to the store
For things the folks are waitin' for,
No sum of wealth or touch of fame
The helpful putterers round may
claim,
An' yet wherever they appear
They carry gentleness an' cheer.

Supposin' all men sought success
An' could not be content with less;
Imagine this world, if you can,
Where never lived a kind old man
Who loved his neighbors an' his down-
ers
An' spent among them all his hours;
The roses then would, friendless be;
There'd be no garden fit to see.
No gentle hand to guard the place
From utter ruin an' disgrace;
If all men sought for fame an' gold
The world would dismal be an' cold,
Laughter would be an empty sound
Without the men who putter round.

BIG JAM SHORTAGE.
London.—A big jam shortage is pre-
dicted by trades in England because
of the lifting of the restrictions on the
sale of fruit, resulting in practically
the whole crop being sold away
at low prices. The fruit pre-
parers could not buy at the advanced
prices to sell at a profit.

PUT IT THERE.
Many interesting and humorous
stories are told about the impetuous
side of Andrew Jackson, both as a
soldier and as chief executive. But
one which sets him off in his true
color is related in reference to the
manner in which he selected the site
for the picturesque United States
treasury building, which is situated
across the street from the White
House.

The erection of the treasury, with
its huge stone pillars, and impressive
Greek architecture, has been dur-
ing Jackson's administration. It is
one of the most spacious and costly
of the numerous government build-
ings.

When congress voted to build a
federal treasury which would be com-
mensurate with the growing needs of
this great country, a commission was
named to select a site and decide upon
the plan. The commission did not
work fast enough to suit the im-
petuous president. He finally grew
so impatient with what he called
daily idling on the part of the com-
mission, that he invited the members
to join him at the White House on a
particular morning to start out on a
tour of the capital to definitely agree
upon a location for the proposed
building.

Jackson always carried a stout
walking stick with a sharp point.
There had been much wrangling on
the different sites before the com-
mission came to the vacant plot
where the treasury now stands. Here
"Old Hickory" lost his temper. He
thrust his pointy stick into the
soil and abruptly exclaimed:
"Put the damn thing there."

Voice of the People

To the Editor: As to this question
of the soldier bonus, on which we vote
September 2. It is said "Consistency
thou art a jewel," and surely it is a
scarce jewel in the jewel collection
of our self-styled economy governor of
Wisconsin, who thinks it very proper
to call for special session of state
legislature and this special referendum
election, at enormous extra expense
to the taxpayers, and then seem to agree
at night with his idea of economy.
It seems, judging by his peculiar
straddle of the war issues and espe-
cially his attitude as to any award
to be paid to the soldiers who sacri-
ficed their all, their positions, com-
forts and homes, taking chances on
their very lives that true liberty
should not perish from the earth, and
none were more brave than our Wis-
consin patriots. Now that the gov-
ernor has succeeded in delaying and
handicapping the gift (small as it is
to each one), it would seem that the
loyal citizens of Wisconsin ought to
rally to the fray on September 2 and
show Mr. Philipp that the mass of
citizens do not feel as no doubt he
does as to making this return to the
boys who upheld the honor and real
loyalty of Wisconsin in this world war
for right, freedom and liberty. Now
that Philipp intimated in his pub-
lic speech that he even thought it an
unconstitutional act, which no doubt he
said with purpose to defeat it by thus
finding an excuse for those of purest
pro-German tendencies, or those small

and ungrateful things who would sell
their very souls for a dollar, now that
State's Attorney Blaine has given it
the verdict of a true constitutional act,
let's all get out and get out all over,
let's all get out and get out all over,
friends and neighbors, even if it is a
busy time, and put this over the
trenches, and show by this small ac-
tion our appreciation of the boys
who went when duty called "Over the
top," and whose slogan was in the
face of hell itself on the fields of
France—"Come On, Let's Go!" And
go they did, with results that the
world benefits by forever.

Now men, women, war mothers,
come on, let's go and put this
bonus way "over the top" on Septem-
ber 2.
Yours for Gratitude and Loyalty.

To the Editor: A little item in regards to cut-
ting down the high cost of living.
Understand a car load of peace
were shipped to Janesville to be
out to the public for \$1.40 per bushel,
while they were holding them for
\$4.50 by the local dealers. This is an
injustice to the consumers, as someone
is making a large profit for which the
people are paying. Something ought
to be done to cut the high cost of liv-
ing in Janesville and the only way to
do this is for the people to get together
and start a municipal store.
All the citizens of Janesville who
are interested in this meet at the City
Hall Monday night at 8:00 o'clock, p.
m., Sept. 1, 1919.
L. D. Horn, Alderman.

BIG FAIR WEEK SPECIAL

Monday, Tuesday, Wednesday, Thursday "THE EYES OF THE WORLD"

Patrons of the Apollo who have read Harold Bell Wright's best seller will have an opportunity, after forming a mental picture of the characters, of seeing the metamorphosed into moving figures on the screen. Visualization of some unusual character types will be a feature of the big Clune Cinema drama, "The Eyes of the World."

There is no hackneyed character in the "Eyes of the World" and the story is both idyllic and melo-dramatic, but its melo-drama is of the finest type.

Prices: Matinees—Children, 15c; Adults, 25c; Evenings—Main floor and first 2 rows of balcony, 35c; balance balcony, 25c; box seats, 55c.

STATEMENT OF MANAGER

We take great pleasure in recommending to Apollo audiences, the remarkable photoplay of that remarkable story "Eyes of the World" by Harold Bell Wright. We are bringing this picture here for Fair week visitors and local patrons because it is the biggest and best picture we could secure on the market at this time. Nothing less than this would do for Janesville during Fair Week. The picture is of exceptionally high type and merits your approval.

Signed, JAS. ZANIAS, Mgr.

News Notes From Movieland

BY DAISY DEAN

For the first time in her career, Nazimova plays the part of a real honest-to-goodness American girl type. She plays the role of "the brat" in the picture of that name which has been adapted for the screen from a successful stage play by Maude Fulton. The adaptation of the play was made by Nazimova herself and Charles Bryant, and after they had worked up a good synopsis they handed it over to June Mathias to put into continuity form.

Nazimova's version of the story is said to contain numerous incidents of an exceptionally novel character, both humorous and otherwise, which were not in the stage play, but which add to the picture. Five months was spent in filming the play.

The story deals with a little poverty-stricken girl of a chorus girl who gets taken to the night court after a street scrap with an insulting man. An author in search of local color and types sees her there and arranges with the judge to take her to his home, where he says his mother will give her the best of care. From the time "the brat" enters the author's home several interesting complications arise and of course a love story is introduced.

Nazimova is as vivacious and fiery in this picture as she has been in her past releases. The accompanying photograph shows her nonchalantly tucking money in her stocking while a horrified bishop, an indignant young society woman and a shocked dowager look on.

NO MORE PICTURES FOR JULIAN

Julian Eltinge, who is appearing in

his own revue on the coast, told us of his coming European trip, which is to begin next fall, and which will take him away from the United States for two years at least. Mr. Eltinge is of the opinion that he isn't for the screen, and he confided that he's through with his pictorial work forever.

MARGUERITE CLARK'S LAST IN THE WEST

Marguerite Clark has started her last production to be made on the west coast and is eagerly awaiting the day when she may board that Santa Fe limited with her husband, maid and baggage and his back to New York and Sister Cora. Marguerite says

everybody was lovely, but she wants to go home."

IRENE CASTLE
Irene Castle is said to be featuring the walking stick this season. She has different colored ones to match her different costumes.

"And I'm always featuring shoe buckles," said Irene. "This season I'm wearing some as big as saucers."
By the way, news has just been printed to the effect that Irene married her new husband but three months after Vernon Castle was killed and that the marriage was kept secret and then in order to completely fool the public the couple went through a second ceremony a few months ago.

SCREEN GOSSIP
Jack Pickford celebrated his twenty-third birthday by signing a contract with Goldwyn.

"The Mother and the Law" is an expansion of the modern episode in "Intolerance." The story is a melancholy one, handled in the true Griffith manner, with Mae Marsh as the wide-eyed "Dear One" and Robert Harron "The Boy."

"If I Were King" will be William Farnum's next vehicle. Betsy Ross Clark will play the role of Catherine.

A patented rubber substitute can be made by mixing gelatine with glycerine and a solution of camphor in acetone and treating the mass with sulphur.

AYALON

Avalon, Aug. 29.—Mr. and Mrs. John Waugh and family returned yesterday from a 10 days' outing at Delavan lake.

Mr. and Mrs. John Reid welcomed a little daughter to their home Saturday morning.

Marguerite Duthie, Janesville, Elmer Voltz and Dorothy Boynton spent the week end at the John Waugh cottage, Lake Delavan.

Miss Elizabeth Doubleday accepted a position in Clinton.

Clyde Bokenbrot returned yesterday from Madison where he spent a week at the home of his uncle.

E. R. Boynton and family, C. S. Boynton and family, William Waugh and family spent Sunday at the Waugh cottage, Delavan lake.

Miss Laura Smith entertained the women of the M. W. W. Friday for tea.

B. Marble, Woodstock, is here over-seeing repairs on the factory.

Mrs. Earl Dockhorn, Monroe, came Saturday to spend the week end with her husband.

J. B. Tracy and daughter, Mrs. Converse, Milton, are guests at the J. T. Boynton home.

The following letter has been received by the women of the Red Cross from the French orphan adopted by them:

WEEKLY REVIEW

Weekly Review.
Chicago, Aug. 30.—Grain and provision prices on the board of trade through the week were subjected to several depressing circumstances which were reflected in marked declines from prevailing figures a week ago. The night, national, state and individual, against the high cost of living, was a constant factor on the British side. Early in the week holders of large stocks of grain in the market, with a resulting sharp decline, which was in part offset the next day by renewed demand.
About the middle of the seven day period live hog prices fell off sharply, the light against excessive charges and a belief that there was no outlet awaiting large shipments forcing the on-the-spot decline. The drop in live hogs caused an immediate decline in grain and provision prices, corn losing nearly six cents in three days. While the bullish conditions and the low live hog prices continued, the end of the week saw an advance in corn, oats and most products for future delivery, shorts having taken prices and rushing to cover, forcing prices up in proportion to their desire to accumulate supplies. Compared with a week ago, however, all prices showed a distinct decrease, corn being 3 1/2 to 6 1/2 net lower, oats 1 1/2 to 2 1/2 down and provisions showing a decline of from 1 1/2 to 3 1/2, pork and ribs leading the decline.
Through the week trading was not in great volume. The cash corn market showed little of the buoyancy of the distant deliveries and followed more steadily the downward trend.
Oats traveled in close sympathy with corn, affected by similar factors, but fluctuating within narrower limits.
Provisions held generally steady in grains until they faced the slump in live hog prices, when they sank rapidly. Shorts seeking to cover at the end of the week lifted prices from the extreme low points.

GRAIN

Chicago Review.
Chicago, Aug. 30.—A further drop in live hog prices at the stockyards was reflected in lower corn prices at the outset today, the September article losing an outside of two cents. The

Initial decline was quickly followed by a rally induced by shorts buying to cover and September corn sold at 3 cents above the low point. The deferred deliveries declined and rallied in narrower limits affected by the same conditions. Corn opened unchanged to 2c lower, with September 1.77 1/2, and December 1.83 1/2 to 1.88 1/2. In the first hour prices showed a tendency to steady at about opening figures for the distant months, with September fractionally higher than the opening point.

The embargo against shipments to Atlantic and Gulf ports seemingly affected oats more than corn. Oats started unchanged to 1/2c lower and under some liquidating pressure dropped to about 1c below yesterday's closing point. September showing relatively greater strength than the distant deliveries. Closing prices were September 1.75 1/2, and December 1.74 1/2 to 1.77 1/2. Provisions were rather dull. Pork opened unchanged and lard and ribs advanced from 23 to 63c.

The upturn in live hog prices had little effect on the grain trading at the outset.
Chicago, Aug. 30.—Corn: No. 2 mixed 1.80 1/2@1.84; No. 2 yellow 1.84@1.85; Oats: No. 2 white nominal; No. 3 white 69 1/2@71; 44 1/2@1.46; barley 1.20@1.33; timothy 3.00@11.75; clover nominal; pork nominal; lard 27.67; ribs 21.50@22.25.
Subsequently the corn market was dull and ranged lower on scattered selling. Liquidating trades were noticeable in the September delivery.
The close was steady, 3/4c to 2 1/2c lower, distant futures showing the greatest decline. Final figures were September 1.77 1/2@1.77 1/2, and December 1.74 1/2@1.77 1/2.

Now, therefore, the Board of Public Works will meet on the 3rd day of September at 10 o'clock in the afternoon at their office in the city hall of said city for the purpose of making such assessment and hearing and being heard upon the matter of the assessment and the apportionment of the expense of laying out, constructing and maintaining the sewerage system among the lots, parts of lots and parcels of land fronting or abutting on each side of said streets.

Notice is further given that at least one day prior to such meeting the city clerk of public works will make and file in the city clerk's office a table intelligently exhibiting the subject matter to be assessed on all the lots, parts of lot and parcels of land in each of said streets, which table shall be open to public inspection.

Signed:
T. E. WELSH,
C. E. KIRCH,
R. G. CUNNINGHAM,
J. H. RANSOM,
J. R. PRUE.

NOTICE OF BOND SALE.
Sealed proposals will be received by the undersigned Finance Committee of County Board of Rock County, Wisconsin, until 10 o'clock A. M. Saturday, August 29th, 1919, for the purchase of, non-taxable Highway Improvement County Bonds of said County, in the amount of Twenty-Seven Thousand Dollars (\$27,000.00). Bids will be opened at 10 o'clock A. M. Tuesday, September 2nd, 1919. Said bonds will consist of fifty-four (54) bonds of one hundred dollars each, payable the first day of June, 1924, all bonds to bear interest at semi-annually, on the first of June and December, in each year, with accrued interest from date of bond sale, to date of sale, principal and interest to be payable at County Treasurer's office, in the city of Janesville, Wisconsin. Said bonds are issued pursuant to the provisions of sections 1317m-1 to 1317m-15 inclusive, of Wisconsin Statutes, and have been approved by the Wisconsin Highway Commission, and for the purpose of providing the necessary funds for constructing the Federal Trunk Line Highways.

All bids must be addressed to the County Clerk, Janesville, Wisconsin, and must be marked on outside of envelope "Bids for Highway Improvement Bonds." Bids must be accompanied by certified check in the sum of at least Two Thousand Dollars (\$2,000.00). Bonds to be sold to highest bidder. Committee reserves the right to reject any and all bids.

Dated this 21st day of August, 1919.
E. D. McGowan,
County Judge.

NOTICE OF HEARING.
STATE OF WISCONSIN.
County Court for Rock County.

Notice is hereby given that at a special term of the County Court to be held in and for said County, on the 3rd day of September, 1919, at 10 o'clock A. M., in said County, on the third Tuesday, being the sixteenth day of September, 1919, at 10 o'clock A. M., the following matter will be heard and considered:

The application of Margaret E. Jones to be appointed guardian of the person and estate of Frank L. Jones, late of the Town of Milton, in said County, deceased.

Dated August 15th, 1919.
By the Court,
CHARLES W. FIELD,
County Judge.

E. D. McGowan,
Attorney for Petitioner.

NOTICE OF REFERENDUM ELECTION ON SOLDIER BONUS LAW.
STATE OF WISCONSIN.
Rock County.

Howard W. Lee, county clerk of Rock County, in the State of Wisconsin, do hereby certify that the following law is to be submitted to vote at a special election to be held in the several cities, towns, villages and election precincts of the State of Wisconsin, on the first Tuesday of September, 1919, being the second day of said month.

(An Act to amend section 1317 of chapter 452 of the laws of 1915, to read: "The service recognition fund shall be created to consist of the governor, the adjutant general and a returned soldier to be appointed by the governor."

Section 2. For the purpose of raising a sum sufficient to assume the soldier, sailor, marine and nurse, including Red Cross nurses, who served in the armed forces of the United States during the war against Germany and Austria, and who at the time of his or her induction into the service was a resident of Wisconsin, a sum not exceeding ten dollars for each month of service, with a minimum of fifty dollars as taken of appropriation for the character and spirit of their patriotic service, and to perpetuate such appropriation as a memorial of Wisconsin, a tax not exceeding three

millis on each dollar of the assessed valuation in addition to the income tax levied and authorized to be included in the next tax levy; provided, that in any county where the levy of such tax, adopted prior to the levy of such tax, authority is hereby conferred upon said county to issue such bond and thereupon said levy in such county, if any such person entitled to the benefits under this act, shall have received in full such payment, then the payment according to said deceased shall be paid to the surviving dependent father or in the order herein stated and in such case July 1st, 1920, the date of termination of such service. The benefit of this act shall not accrue to any person for time spent while training camp, nor to any person who, though inducted into the service, did not perform military service.

Section 3. All sums levied and collected by taxation or raised by the sale of bonds, shall be paid into the state treasury and held there as a special fund to be known as the service recognition fund, and the amount so disbursed upon certificates of the service recognition board, as to the person entitled to the benefits of this act, to which each person is entitled.

Section 4. The service recognition board shall have control and charge and control of the general scheme of such payments. It shall adopt general rules and regulations for the distribution of the distribution of said fund, the ascertainment and selection of proper beneficiaries and the amount to which beneficiaries are entitled and for procedure, and may select or create such agents as it may deem necessary.

Section 5. Subsection (5) of section 655 of the statutes is renumbered to be subsection (5) thereof.

Section 6. There is added to section 655 of the statutes a new subsection to read: (Section 655) (5) For the purpose of carrying out the provisions of chapter 452 of the laws of 1915, but bonds issued in any county for such purpose shall not exceed in amount three mills on each dollar of the total assessed valuation of said county.

Section 7. (1) In addition to the normal tax imposed by section 197m-6 of the statutes, there shall be levied and collected and paid upon the incomes of all persons, except as otherwise provided by law, a tax on the following rates, to be computed at the following rates, to-wit:

(a) On the fourth one thousand dollars or any part thereof, one and three-fourths per cent.

(b) On the fifth one thousand dollars or any part thereof, two per cent.

(c) On the sixth one thousand dollars or any part thereof, two and one-half per cent.

(d) On the seventh one thousand dollars or any part thereof, three per cent.

(e) On the eighth one thousand dollars or any part thereof, three and one-half per cent.

(f) On the ninth one thousand dollars or any part thereof, four per cent.

(g) On the tenth one thousand dollars or any part thereof, four and one-half per cent.

(h) On the eleventh one thousand dollars or any part thereof, five per cent.

(i) On the twelfth one thousand dollars or any part thereof, five and one-half per cent.

(j) On any sum taxable as income in excess of twelve thousand dollars, six per cent.

(2) In addition to the normal tax imposed by section 197m-6 of the statutes, there shall be levied, collected and paid upon the incomes of corporations, joint stock companies or associations, except as otherwise provided by law, a tax on taxable income computed at the following rates to-wit:

On the first one thousand dollars or any part thereof, two per cent; on the second one thousand dollars or any part thereof, two and one-half per cent; on the third one thousand dollars or any part thereof, three per cent; on the fourth one thousand dollars or any part thereof, three and one-half per cent;

On the fifth one thousand dollars or any part thereof, four per cent; on the sixth one thousand dollars or any part thereof, four and one-half per cent; on the seventh one thousand dollars or any part thereof, five per cent; on the eighth one thousand dollars or any part thereof, five and one-half per cent;

(3) In computing the tax upon income of corporations, joint stock companies or associations, the same shall be deducted, before such tax is computed, from the net income an amount equal to six per cent of its capital stock, surplus and undivided profits.

(4) The surtax provided for herein shall be upon the income received during the year ending December 31, 1918, and shall be returned, assessed and collected in the same manner and at the same time as is provided for the return, assessment and payment of the normal income tax provided for under sections 197m-1 to 197m-26, both inclusive, except as otherwise herein provided.

(5) Deductions and exemptions as are provided by law in the assessment of the normal income tax under sections 197m-1 to 197m-26 shall apply with respect to the assessment of this surtax, but said deductions and exemptions shall not be additional thereto, and shall only be made once.

(6) In the collection of said surtax the tax collector shall give his separate receipt therefor, and there shall be no offset upon the personal property tax and section 197m-26 shall not apply to said surtax.

(7) The whole amount collected as surtax shall, through the same channels as other income taxes are paid, be paid into the state treasury, and section 197m-22 of the statutes shall not apply to said surtax. The amount so paid into the state treasury shall be set apart for the service recognition fund.

(8) The service recognition board shall create or cause to be established the amount which may be collected under this section and determine, as nearly as practicable, the balance needed for said fund, which balance shall be raised by taxation or bond issues as provided in this act.

Section 8. There is appropriated from the service recognition fund in the state treasury to the service recognition board:

(1) Such sums as may be necessary to pay each of the following: a soldier, nurse, including Red Cross nurses, who served in the armed forces of the United States during the war against Germany and Austria, and who at the time of his or her induction into the service was a resident of Wisconsin, a sum not exceeding ten dollars for each month of service, with a minimum of fifty dollars.

(2) Such sums as may be necessary to cover the cost of administering this act.

Section 9. A special election shall be held on Tuesday, September 2, 1919, at which the following question shall be submitted: "Shall there be levied in the year 1919, a mill tax of not to exceed three mills on the dollar and an income tax sufficient to raise an amount of approximately fifteen million dollars to be paid by the state to Wisconsin soldiers, sailors, marines and nurses as stated in chapter 657 of the laws of 1915?"

Section 10. Such special election shall be conducted, held and noticed and the ballots to be used thereat shall be prepared, printed and distributed and the ballots cast thereat shall be counted, canvassed and returned in the same manner as is provided by law in the case of the submission of a proposed constitutional amendment to a vote of the people. The state board of canvassers shall not meet to canvass such election returns. The secretary of state shall within ten days after the receipt of the returns from the different county clerks canvass, certify, record and publish as in the case of a constitutional amendment the number of ballots cast in favor of such proposed recognition and the number of ballots cast against such proposed recognition.

Section 11. If a majority of the votes cast at such special election are in favor of the recognition of Wisconsin soldiers, sailors, marines and nurses as provided upon such ballots, then the necessary taxes shall be levied in the year 1919.

Section 12. This act shall take effect upon passage and publication.

Published July 30, 1919.

STATE OF WISCONSIN.
Rock County.
I, Howard W. Lee, County Clerk of Rock County, in the State of Wisconsin, do hereby certify that the following is a true copy of Chapter 452, Laws of 1915, and that same have been submitted to the voters at the original enrolled act now on file in this department.

I further certify that if the result of said referendum election is in favor of the ratification of the above law, it

SIGHT LARGE SEA SERPENT.
IMMUNE TO BULLETS.
(By INTERNATIONAL NEWS.)
Reno, Nev.—Doubt not the authenticity of this, for the nation went dry long since.
Four hunters report a sea serpent 35 feet long in Pyramid Lake, largest fresh water body west of the Great Lakes. It has huge fins and a serpent's tail, comes to the surface of the water and dives, and its hide is impregnable to bullets.

The hunters who shot the animal but who report it died after being hit unhurt, are J. S. Neff, Mike Nagy, W. J. Neff and M. Gent. They were camping on the shore of the lake when the monster was first sighted, they said.

MOSQUITOES INCREASE.
London.—In commenting on the astounding increase in the number of mosquitoes in England the newspapers call attention to the fact that 40,000 British troops were routed by the pests in Flanders in 1899 on the marshes of the Scheldt, and urge the army appropriation in fighting them.

WHO'S WHO in the Day's News

SENATOR ARTHUR CAPPER.
Senator Arthur Capper of Kansas has been called the Northville of the Corn Belt like the English publisher, the Kansas wields a great power through his publications, of which he has eight that circulate through the agricultural states of the west. The English newspaper proprietor, however, he is not a great politician.

When still a very young boy he worked in vacation time in the newspaper office in Garnett, Kan., and he earned a fairly good typewriter. When he graduated from high school he went to the nearest large city with little or no money, and applied for work on a paper there. For several nights young Capper worked as a substitute printer and finally was taken on the paper as a regular compositor.

He was ambitious to learn the newspaper "game" and when the opportunity came to become a reporter at \$10 a week he gave up his place as a compositor at a weekly salary of \$20 and became the Northville of the Corn Belt. He rose to the place of city editor and then felt that he needed more and more experience, so he went to New York. In the metropolis he found work on the Tribune and stayed for several months until he was sent to Washington as correspondent of the Topeka Capital.

Returning to Kansas, Senator Capper became a publisher first by his purchase of The Mail, a weekly published in North Topeka. In a short time he secured another paper published in South Topeka, and he sold it to the Capital. Gaining confidence with these newspaper ventures, some time later when the Topeka Capital was on the market, young Capper bought it.

It was as publisher of the Capital that Senator Capper first came to the notice of the people of Kansas as a man of force and vitality. He realized that his readers were farmers, and he proceeded to learn what they wanted and gave it to them.

Public office came to Senator Capper as the result of his newspaper work. He fought for issues of war, and gradually the people of Kansas decided that he who was so successful in winning their rights through the prints should be given public office. Senator Capper was born in Garnett, Kan., July 1, 1865. He is a man of medium stature, low of voice and of a retiring nature. He realizes that he is a freeman senator and does not attempt to force himself into debate or the public eye.

The Canadian Pacific has applied for a charter to operate aerial freight and passenger service.

Wilson Thanks Hoboken Painters for Working

Washington, Aug. 30.—President Wilson today wrote a Hoboken, N. J., painters union thanking its striking members for their action in returning to work and adopting resolutions in support of the government's efforts to relieve present abnormal economic conditions. The letter follows:

"May I not express to you and through you, to your fellow members of local 78, my admiration of the public spirited action they have taken, an action which I am sure is in the interest of the whole country as setting an example of patriotic cooperation in relieving not complicating, a situation which must be dealt with as much wisdom as energy."

Wedded Life on 50-50 Basis Ends in Divorce

San Francisco, Cal.—The 50-50 basis of life was gotten down to a fine science by Carl P. Rosen, contractor here, who is sued for divorce today by Mrs. Clara Rosen. She told the court here that in 25 years of married life she "worked out" and carried her half of all household expenses. Even the gas bills, light, fuel, eat, groceries, carfare, etc., were strictly "50-50," she said.

Now the couple have \$20,000 worth of property. Once on a pleasure trip, said Mrs. Rosen, her husband called her to give him her half of the costs, including carfare and admission to an amusement park, before he would set forth on the jaunt.

This Store Will Be Closed Monday, Sept. 1st LABOR DAY

For Sunday Afternoons at Home the Gulbransen Plays the Hymns

WHEN you gather 'round on Sunday afternoon or any other time—and hymns are in order, the Gulbransen is always ready to furnish the music.

All the well-known hymns in universal use are now available in player-rolls. Some with the words on the roll. Here is a partial list:

Standard Hymns	Christian Science Hymns
Abide With Me	Shepherd Show
I Need Thee Every Hour	Me How to Go
Jesus Lover of My Soul	Saw You My Savior
Lead Kindly Light	Day by Day the
Nearer My God to Thee	A Glorious Day Is Dawning
Onward, Christian Soldiers	Billy Sunday
Rock of Ages	Brighten the Corner Where You Are
Ave Maria	De Brewer's Big
Come All Ye Faithful	If Your Heart Keeps Right
Holy, Holy, Holy	Keep on Singing

The Gulbransen transposes the music into any key so that all may sing without straining the voice, and it can be played as slowly as desired. No knowledge of music is required to play the Gulbransen. Neither does it require effort.

The moment your feet touch the Gulbransen pedals you know you are playing a better player-piano than any you ever tried before. The Gulbransen is so Easy to Play.

Look up our dealer and try the Gulbransen yourself. Try some of the good old hymns. The dealer has them. You can locate him by the Baby at the Pedals in his window and newspaper advertising. Or write us for his address.

GOV. PHILIPP ISSUES PROCLAMATION FOR LABOR DAY, SEPT. 1

[SPECIAL TO THE GAZETTE.]
Madison, Aug. 30.—Gov. E. L. Philipp today issued a proclamation naming Monday, Sept. 1, as Labor day. The proclamation says:

"It has been stated that war is destructive, and that the world must pay the price. The world war has brought many conditions upon us that prove this statement. We read it in the daily press, we hear it in private conversation wherever we go, that economic conditions are everywhere disturbed. That, particularly in Europe, production has been very much reduced because of the great loss of man power, and the unsettled conditions of government. Although the production of food has been greatly increased in Europe the people must nevertheless be fed, and this fact has created an export demand for American food products far greater than any that our country has heretofore experienced. The government report of exports testifies to that fact. This abnormal export demand is in a large degree responsible for the high price of food in our own country, which is being so much complained of by our people, and particularly the laboring classes. No doubt speculation has contributed its part to this condition. It always has during abnormal times, and history has in this regard again repeated itself.

"Too much is expected of legislation to provide the remedy that the people are looking for. Natural laws must be given a chance to do their part. Nor can these laws be substituted by legislative enactment. Time will gradually work out the problem of the cost of living. The process will not be completed until the world's

stock of food and other necessities of life, which have been neglected during the period of the war, are replaced. This may seem a slow process. The restless will grumble and the agitator will scold. However, entirely regardless of these manifestations, legislation and tariffs will offer but a weak and disappointing remedy and the people will be compelled to wait for their relief until production will again overtake consumption. One thing is certain, we shall not be able to reduce the cost of living by enforced idleness, and the men, who are today advocating strikes and other forms of discontent, are causing the production to be further reduced, which will have the effect of reducing the stock of food supplies and other necessities of life and which will in the end still further increase the cost of these supplies. The remedy lies in keeping at work, and in that way increase our stock of products rather than to stand idly by and consume our surplus. If we are going to keep our balance during this reconstruction period, both labor and capital should be reasonable and considerate of each other's interests. The question of wages and working conditions should be settled without strikes. And above all, labor ought not to be influenced at this time by politicians who are brooding discontent for no better purpose than to promote their own political interests.

"The season of the year is fast approaching that will create a demand for fuel, better clothing and warmer houses. It would be unfortunate, indeed, if the laboring man should at this time drop his tools and forget his earnings and enter the winter with an empty hand to meet the demands that will be made upon him. This does not mean that labor shall not be justly dealt with. No country can prosper long where capital does not deal fairly with those who toil for it, but I wish to repeat that most reasonable demands can be secured without strikes and that labor should not during these times lay too much stress upon conditions that have no direct relation to wages."

Those Yanks Changed the Map of Europe

Here is one just off the press. It is given away to all readers of the Janesville Gazette. It is a part of the free service we render through our Washington Information Bureau. The map is official and authoritative. It made made up by the geological survey, which is the map-making agency of the government. It is done in nine colors. Experts direct from the pence conference at Versailles assisted in its construction. It would not have been possible for any private agency to have produced so good a map at this time.

The savings division of the treasury

department has prepared a publication to accompany the map. It is entitled, "How Other People Got Ahead," and lays down in detail the principles and the working directions for saving for individuals of all grades of income. The map and this publication will be sent you upon receipt of your request. To get them fill out the attached coupon. Write your name and address legibly. The publications are free, but a two-cent stamp must be enclosed to pay return postage. Get this map for your wall, and this booklet which tells you how to save. Act now.

(Fill Out the Coupon, Write Legibly.)

POLICE DRAG CREEK FOR ATTORNEY'S BODY

[BY ASSOCIATED PRESS.]
Nashville, Tenn., Aug. 30.—Bearing bullet wounds and other marks of violence, the body of Robbin J. Cooper was found today in a creek near the city. Cooper, a Nashville attorney who was acquitted of the murder of former United States Senator Edward W. Carmack in 1912 after a sensational trial, has been missing since Thursday night and the police believe he was murdered and his body thrown into the creek at Bellemore Park, a suburb.

An automobile stopped at the Cooper home Thursday night and, according to the police, the occupant sought a fresh supply of gasoline. Mr. Cooper, without hat or coat, got out his own car to accompany the man to a garage. He has not been seen since, but early today his automobile was found near the creek. There were bloodstains in the machine and Cooper's empty pocketbook was found in the bottom of the car.

The police are dragging the creek. Mrs. Cooper, who is a daughter of Milton J. Smith, president of the Louisville and Nashville railroad, is in the city.

MARCONI MENTIONED AS U. S. AMBASSADOR

Senator Marconi.

Senator Guglielmo Marconi, the wireless inventor, has been mentioned as Italy's ambassador to the United States to succeed Count di Cellerio, resigned. The Italian government, it is said, counts on the popularity of Marconi in this country to be a factor in healing the breach between the two nations caused by the Fiume controversy.

visiting in Louisville, Ky., and her husband's disappearance did not become known until his automobile was found.

Ukraine Renounces All Claims in East Galicia

[BY ASSOCIATED PRESS.]
London, Aug. 3.—Under the agreement between the Petura, a soviet agent of Ukraine and Poland, the former renounces all claims to eastern Galicia, the Polish government undertakes not to enter territory occupied by the Petura troops and both governments will combine military operations against the bolsheviks, according to a wireless dispatch sent out by the soviet government at Moscow. The dispatch declares that all British, Canadian and Japanese troops have been withdrawn from Vladivostok and in the Kherson region the forces of General Denikine are retiring in disorder.

Lipp Not in Mental Condition for Trial

[BY ASSOCIATED PRESS.]
Berlin, Thursday, Aug. 28.—Dr. Lipp, who participated in the soviet government at Munich and issued orders which were considered amazing, has been incapable of standing trial because of his mental condition. For some time he has been confined in an insane asylum.

West Virginia Miners Strike for Union Rights

[BY ASSOCIATED PRESS.]
Charleston, West Va., Aug. 30.—That 11 thousand miners of the Guyam valley coal fields will strike some time today for higher wages and recognition of the union, was the prediction of C. F. Keeney, president of division 17, United Mine Workers of America. He said there were 2,500 miners on strike already.

Radicals' Efforts Fail.
Huntington, West Va., Aug. 30.—Efforts of foreign radicals to stir up strife in the Logan county coal fields have failed, according to Huntington coal operators, who say that less than 200 miners have struck in these fields. Most of the strikers it is asserted, are foreigners who have endorsed a plan for soviet administration of the mines.

Labor Organizer Held for Passing Hand Bills

[BY ASSOCIATED PRESS.]
Pittsburgh, Pa., Aug. 30.—James G. Sause, organizer of the American Federation of Labor for the boilermakers union, was arrested at Duquesne, a suburb, last night for passing hand bills advertising a federation meeting for steel workers to be held today. He was charged with violating a city ordinance and held on \$25 for a hearing.

2.75 Percent Bartenders Won't Work on Sunday

[BY INTERNATIONAL NEWS.]
Chicago, Ill.—South Chicago neighborhood bartenders have a Sunday closing law all their own. The South Chicago Bartenders' union has issued an order to members to refuse to work on Sundays. Agreements of the union with saloon owners call for a six-day week. Bartenders who serve near ones on Sunday are threatened with expulsion from the union.

Roosevelt Spends Busy Day With Chicagoans

[BY ASSOCIATED PRESS.]
Chicago, Aug. 30.—Lieut. Col. Theodore Roosevelt, who is making a speaking tour of the country in the interest of the American legion, was enthusiastically received here today. He was kept busy throughout the day attending receptions and delivering addresses. This evening he will speak at a meeting of returned soldiers in Grant Park.

PANTALETTES RETURN.
Philadelphia—Because of the aggressiveness of Pennsylvania mosquitoes the pantalettes of grandmothers are returning. Having been discovered as a sure protection for silk-clad ankles they are being worn extensively. Instead of being starched and with ruffles the modern pantalettes are loose and of dark material.

OLD BOOKS AS RUBBISH.
London.—In a parcel of old books which an English woman sold to a second-hand dealer as rubbish and which he bought for 75 cents, were three first editions of works of Shelley which were resold for \$250.

FLOCKING IN KHAKI.
London.—There is a boom in recruiting in England, and men formerly in the army are flocking back to the khaki uniform in preference to trying to live under trying food and housing conditions. The new-old recruits are carrying banners reading: "Men who fought the Germans overseas find the profiteers at home too many for them." The army posters cite the fact that every private can save 21 shillings a week.

Soapless and Sweet Smelling When You Open This Package You Will Get No Odors Except That of Cleanliness. This Is Because We Use

Nature's Water Softener

Must, rancid odor from newly laundered pieces, particularly linens, is due to the limesoap. Limesoap forms when hard water is "broken" with chemical preparations containing soda. It is a combination of soda and soap with calcium (lime) and magnesium, elements which cause hardness, and it clings so tenaciously to clothes that ordinary rinsing will not remove it.

Refinite softens water by taking up the lime and magnesium and giving sodium in exchange. No soap curd can form because there are no hardening properties left in the water. Rich, creamy suds come almost instantly and the dirt is lifted or dissolved with practically no rubbing. Rinsing then takes out all of the soap. Come and see this wonderful gift of Nature. Bring a jug or bottle and take home a supply of Perfect Soft Water to drink. It is more delicious and healthful to drink than hard water.

Vote For The Soldiers' Bonus Bill NEXT TUESDAY

It Will Be One of the BEST Votes You Ever Cast

Back up the boys. Remember when the war was on you said that nothing was too good for the boys in service and what you would do for them when they came home.

Now you have an opportunity to do one of the biggest things that could possibly be done in recognition of the sacrifices they made when they left lucrative positions and well paying jobs to serve their country in time of need for \$30 per month.

The amount of money they will paid is small in comparison with what they gave.

WHAT IS THE SOLDIERS' BONUS?

The Soldiers' Bonus Provides:

A Bonus of \$10 for each month of service for Wisconsin Soldiers, Sailors, Marines and Nurses, with a minimum bonus of \$50.

Officers and privates will share alike. Money to be raised by a direct tax; $\frac{2}{3}$ on property and $\frac{1}{3}$ on incomes.

Complete act to be voted by the people and will become effective upon approval of the voters.

Other States have backed up their service men on this issue. Let us prove on Tuesday that Wisconsin is loyal to its own sons and daughters by voting "yes" on this bill.

Act will be administered by a Service Recognition Board.

Acts submitted to Referendum by the State Legislature.

Attorney General John J. Blaine has given a formal opinion that the soldiers' bonus is constitutional.

GO TO THE POLES AND VOTE FOR THE BONUS BILL!

Remember, our debt is still great to those who served us in time of need. Many of the men who were in service suffered financial loss that the bonus cannot repay.

STRENGTHENED JANES SET FOR WAUPUN AND SHEBOYGAN BATTLES

A reconstructed team will represent Janesville on the diamond at Waupun tomorrow and at Sheboygan on Labor Day in two important games in the Lake Shore league according to the lineup announced today for the Lawrence class. Here it is:

Silverthorn, or Rice, c.
Lengquist, p.
Schnitzler, ss.
Peters, ss.
Gorman, 1b.
Arron, 2b.
Ramsden, 3b.
Viney, lf.
Kelli, cf.
Conroy, rf.
Dopp, kkkusko.

The team will leave for the Prison city on the 6:45 Northwestern train tomorrow morning, will battle Waupun in the afternoon and will hike off toward Sheboygan at night, playing there on Monday.

Either Silverthorn, Footville's crack back-stop, or Rice, who played with the Janes early in the season, will receive Lengquist's offerings tomorrow. Hank Schnitzler of Milwaukee, an A. E. P. hurler of considerable note, will leave for the Janes against Sheboygan. The only change in the infield will be at second, where Eddie Arron, former second sacker for the Pittsburgh club in the National league, will perform. Harry Kelli, Michigan state leaguer, will be the only new man in the outfield, his mates being Conroy and Viney.

TWO FAMOUS DRIVERS ON STATE FAIR TRACK

Milwaukee, Aug. 30.—When Richard J. White, director of the Wisconsin State Fair, was at a recent Grand Circuit meeting in behalf of state fair stake races, he had a talk with Tommy Murphy and Alonzo McDonald, two of the country's most famous drivers. Both gave Mr. White assurance that they would like to race in Milwaukee and make every endeavor to arrangement of their engagements.

While the Poughkeepsie reinsman, Thomas W. Murphy, has for nearly a decade, with the exception of one season, led the money winners of the season, that driver trainer never secured such a triumph on the Grand Circuit as he did in 1918. This does not except the season of 1915, when Murphy accumulated a total of \$125,000, for about \$25,000 of that amount was won at the November meeting at the San Francisco Exposition, and in 1918 Murphy won a total of \$105,721 on the Grand Circuit alone, which is almost three times the amount won by his nearest opponent, and is more than was won by the next three highest drivers in the list.

The next best driver and driver is the ability to develop the youngsters. There are many trainers who are successful in taking horses which have been educated over the half-mile track and racing them successfully on the Grand Circuit; there are few who have been uniformly successful in developing colts into futurity racing material. Col. development is a thing material, and no trainer in the country possesses it in a higher degree than Alonzo McDonald.

The first real futurity star reared by McDonald was that great little bay filly, Sadie Mac, which, incidentally, was the first of the get of that most famous of all sires, Peter the Great, to gain fame. This filly was brought out by McDonald in 1903 and with her he took down first money in the Kentucky futurity, that classic of all classics, the richest stake for which the harness horse annually races. Of course, McDonald had been prominent in harness horse circles for years previous to the advent of Sadie Mac, but it was the mastery manner in which he handled the little, low-headed filly that called attention to him as a superior workman with the youngsters.

Lawn Tennis Rules Need Revisions

The apparently harmless game of lawn tennis seems to be in serious and immediate need of a few rules revisions. Here's N. W. Williams winning the stakes at Longwood, and then being defeated by W. M. Johnston in the challenge round.

When Williams defeated Dick Harte in the final round, he was forced to display his very best wares to run the trick. It was a grueling match, or as grueling as a tennis match can be, and Williams certainly had a license to be tired when he finished with Harte. According to the rules he was forced to step right in and tackle Johnston, with the result that Johnston was fresh and won the match rather easily. The adverse is indeed plain to followers of the pastime.

The display did not appeal to tennis followers who witnessed the match, nor did it appeal to Johnston who was probably made to feel that he had taken an unfair advantage. He was assured that his position was right by Williams who is nothing if not a high class sportsman.

Some few years ago there was a movement on to dispense with a challenge round where a player came right out of a final round. For a time it appeared that the movement would succeed in having the code changed, but the conservatives vetoed the proposition on the ground that such a change would result in a loss of interest on the part of the spectators, so the code was not touched.

Two years ago the matter was again revived with the result that tournament committees were given power to alter the code, thus giving them the right and many took advantage of it. But down east the more conservative clubs are still catering to the whims of the spectators, which accounts in a measure for Williams' defeat. Tennis sure has been regular this season. The fans do not object to the surprises, but as a body they do object to the winner of a grueling match being obliged to play against a fresh opponent in the challenge round, and the objection is well taken.

50 Years In Same Church. Sheboygan.—The Rev. J. J. Janett observed the fiftieth anniversary of his pastorate with a jubilee celebration at Zion Reformed church. Clergymen representing every denomination in Sheboygan were present.

BRINGING UP FATHER

FANS HOPE TO FORM REAL CLUB AND GET INTO STATE LEAGUE

Janesville a member of the Central State league in 1920, was the hope expressed by baseball fans at a meeting held at the Gazette office last night. It was also the opinion that nothing should be done in regard to next year's season until the close of the present season, when it is planned to hold a large meeting of fans to organize a club and to elect officers and a player-manager. Efforts can then be made to secure a franchise in the Central league, which is made up of such teams as Jefferson, Port Atkinson, Watertown, Juneau, Whitewater, and Waushara.

The possibility of Madison entering a team in this league would bring the total number of teams up to eight if Janesville were admitted.

ALL-STARS PLAY AT BELOIT TOMORROW

When the Junior Fairy Apprentices and the All-Stars clash at Beloit tomorrow afternoon there will be little love shown as both teams are out for a big victory. The Gateway City tribe will be strengthened with the addition of a new pitcher and two new infielders. Bick will leave for the Stars, Eddie Casey, crack back of two years ago and the possible captain of the team, with other returned service men will be in the early training group.

FOOTBALL PRACTICE STARTS AT HARVARD

[BY ASSOCIATED PRESS.] Cambridge, Mass., Aug. 30.—Twenty-five candidates for the Harvard football eleven will report at the stadium next Tuesday to start practice. Eddie Casey, crack back of two years ago and the possible captain of the team, with other returned service men will be in the early training group.

AND HE DID

NOW WILLIE I WANT YOU TO THROW THOSE BRICKS OUT OF THE YARD AT ONCE!

AND HE DID.

Men Behind the Plate for Reds

Left to right: Rariden, Allen and Wingo.

By N. E. BROWN.
A star catcher is the prime requisite of a pennant winning ball club. All those who agree with the above axiom stand.
Now, when you're all seated again I'll explain the reason for reiterating the axiom.

The Reds have been twice blessed in the catching department because of the Redlegs but the requisition of Bill Rariden by Pat Moran last spring lightened Ivy's load. They have run about even in work and between them have given Moran everything he could ask from the catching department.

Control has been the predominating factor in the excellent pitching of Bill Rariden, Rariden and Elmer, the Big Four. The steady, heady coaching of the veterans, Wingo and Rariden, behind the plate, has done much to obtain and maintain this control.

"KING ALFRED" OVEN.

London.—A new oven, about the size of a lady's hat box, which cooks by the use of an electric light bulb, is on display in the British Scientific Products' exhibition and is called the "King Alfred" oven because it can be set to automatically shut off the heat at any given time. Housewives do not have to watch their cakes in the oven. They can put their cakes in the oven, set the time for two hours or more and go to a matinee (if the actors are not on a strike).

LADY DECIES RUNS HOTEL.

London.—Lady Gertrude Decies is to convert her house, Scotswood, near Ascot, into a hotel, and will manage it herself on the lines of a continental hotel.
"I was very busy during the war, and I cannot bear the idea of having nothing to do," she said. Lady Decies is the widow of the fourth Lord Decies. Her breeds of cats and Fekingese dogs are world-famous. She invented an antiseptic lotion and ointment which she used in severe cases of frostbite when she was nursing in France at the start of the war.

SPORT SNAP-SHOTS

BY JACK KEENE.

The sporting world may well pause in its mad pursuit of the sport upon long enough to notice the fact that some of the most spectacular golf history in the annals of that grand old game has just been written at the national tourney at Pittsburgh.

Consider the situation.
Chick Evans eliminated from the tourney one day.

Chick Evans, national amateur champion eliminated early in the play by Francis Ouimet.

Ouimet eliminated within twenty-four hours by J. Wood Pratt of Philadelphia. Experts who followed the Ouimet-Evans pair around the links marvelled at the return to his old-time form when as a youth he defeated Vardon and Ray, English stars, and then won the national title back in 1913.

They said he was unbeatable at his present game.

Then along came Pratt. Ouimet playing slightly off his game, but battling as a great player can, went down to defeat at the hands of the Philadelphia in a match that went thirty-eight holes. The last two holes were played in a pouring rain.

Ouimet ended the morning round of his play with Pratt even up but

fell off early in the afternoon round until Pratt had him three up at the turn and the victory seemed assured. But Ouimet, broad and evened up the score by taking the thirty-sixth hole.

Pratt was virtually unknown in national golf circles until his spectacular victory over Ouimet.

Consider Evans' case for a minute, too.

When the present golf season opened Evans carried two golf crowns around, the national open and the national amateur. A couple of weeks ago he lost the open title and went into the amateur meet determined to regain at least one of the titles.

Ouimet dashed his hopes into the rough. Golf has taken a greater hold than ever on the public since the war. The class of golf being played and the prizes sprung in the leading tournaments to date are increasing the interest in the sport.

Evidently Benny Leonard realizes he is becoming too heavy for the lightweight division. Recently the titleholder refused to accept an offer to meet Lew Tendler, the crack Quaker City lad, who seldom enters the ring weighing more than 130 pounds, but

he has agreed to meet Soldier Bartfield, a legitimate welterweight, who cannot scale under 142 pounds. Leonard is scheduled to meet Bartfield in a six-round bout to be held in Philadelphia September 3, and when he enters the ring he will probably weigh more than 150 pounds, the limit weight of the lightweight division.

By passing up Tendler for the heavier Bartfield the lightweight champion has not made a hit with the Philadelphia fans, and it is probable that they may refuse to turn out for the contest.

Manager Pat Moran of the Reds sees a pennant in sight and is not taking any chances of having his successful combination broken up at the late stage of the race by injuries to the players. The catchers, Jake Danbert, Heinie Groh and Larry Kopf have been warned against running into grand stands while chasing foul flies. Recently at Ebbets Field two valuable members of the club, Ivy Wingo and Heinie Groh, were each slightly injured. Wingo was hit in the groin by a foul tip and Groh's wrist was hit by a ball thrown around the infield during practice. In both cases their teammates quickly gathered round the injured athletes to find out the extent of the hurts. Neither one, however, was hurt enough to leave the game.

Owing to the popularity of the instrument and the scarcity of them in Japan there is a waiting list of many thousand names of persons who desire service.

TWO IN ONE

For the middle-aged or elderly person who requires one pair of glasses for reading and another pair for out-of-door use, we recommend our Invisible Bifocal or double vision

glasses. They are really two pairs of glasses in one—two lenses fused together without any visible joining. There is no prominent seam or joint to tell the public that the wearer is "getting along in years." Call and see them.
